

Di Yue

Homepage: <https://tnediserp.github.io>

Email: diyue@cs.toronto.edu ♦ Tel: (+86)18380578521

EDUCATION

Peking University

Bachelor of Science (Summa Cum Laude)

School of Electronics Engineering And Computer Science

GPA: 3.819/4.0

Beijing, China

September 2021 - July 2025

RESEARCH INTERESTS

Discrepancy Theory, Approximation Algorithm, High-dimensional Computational Geometry, Metric Embeddings.

PUBLICATIONS (In theoretical computer science, authors are listed in alphabetical order.)

A Fast and Simple $(1 + \epsilon)$ -Approximation for Minimum Spanning Trees in Doubling Metrics

Jan Höckendorff, Felix Hommelsheim, Christian Sohler, **Di Yue**.

Manuscript, July 2026.

Near Linear Time Approximation Schemes for Clustering of Partially Doubling Metrics

Anne Driemel, Jan Höckendorff, Ioannis Psarros, Christian Sohler, **Di Yue**.

In Proceedings of ICALP 2026.

Dimension Reduction for Clustering: The Curious Case of Discrete Centers

Shaofeng H.-C. Jiang, Robert Krauthgamer, Shay Sapir, Sandeep Silwal, **Di Yue**.

In Proceedings of ITCS 2026.

Near-Optimal Dimension Reduction for Facility Location

Lingxiao Huang, Shaofeng H.-C. Jiang, Robert Krauthgamer, **Di Yue**.

In Proceedings of STOC 2025.

SERVICE

Reviewer: SODA 2027, STOC 2026.

EXPERIENCES

Visiting Student, Nanjing University

Advisor: Lingxiao Huang

December 2025 - January 2026

Nanjing, China

Visiting Student, University of Cologne

Advisor: Christian Sohler

September 2025 - December 2025

Cologne, Germany

Visiting Student, Weizmann Institute of Science

Advisor: Robert Krauthgamer

August 2024 - September 2024

Rehovot, Israel

Research Assistant, Peking University

Advisor: Shaofeng Jiang

July 2023 - September 2025

Beijing, China

TEACHING

Algorithm Design and Analysis, Teaching Assistant

Lecturer: Xiaolin Wang, Tingting Jiang

Spring 2025

Peking University

HONOURS AND AWARDS

Top 10 Undergraduate Thesis, EECS, Peking University	2025
Academic Excellence Award	2023
Second Class Scholarship of Peking University	2022
Merit Student	2022
